

Friends of the Waverly Trails  
Minutes  
January 12, 2005

The meeting of the Friends of the Waverly Rail Trail was called to order at 7 PM at City Hall.

1. Planning for a winter ski evening was discussed. We plan to have the event Saturday, January 15 since we have had 10 inches of snow this past week. John Wuertz is taking charge of the bonfire. He also will get the cocoa containers and cups and get them to the recycling center and to the bonfire. Tab will get cocoa, hopefully from Nestle. Tab will also get the makings for "smores" from WADG and get them to John. Evelyn Rathe and Jean Kromer will be at the recycling center to host the cocoa and cookies. Mrs. Griggs is baking the cookies. Gene Rathje will get the milk jugs and the sand, Bruce Ecker will bring the candles and lighters, and a number of other volunteers will help getting the luminaries in place and lit starting at 3:00 pm Saturday afternoon. We will use toboggans and sleds to transport things along the trail. Advertising has been arranged and posters were handed out for placement around the community

2. The weather prediction for Saturday is for subzero weather. Our policy is to cancel if wind-chill approaches zero. We will decide by noon on Saturday whether to cancel. Notice will be by email and we will phone those not on our email list. The alternate date for the winter ski event will be Saturday January 29.

Jim Rathe
