

To celebrate Martin Luther King Jr. Day on January 18th, the Waverly Public Library is sponsoring an after-school program presented by the Wartburg College women's track team. The program will include books, crafts and snacks and will be held in two sessions, from 3:45-4:30 and from 4:45-5:30. MLK Day is a day that all Americans are encouraged to celebrate Dr. King's life by volunteering in their community. The library would like to thank the women of the defending national champion Knights track team for their volunteerism.
